## FAQ:

**How does transportation work?**

Only adults can drive throughout the weekend. If your student drives to the host location, they must leave their car with the host home parent until Sunday morning.

**Can my student attend if a prior commitment takes them out during the weekend?**

If a prior activity is scheduled, just note that on the release form at registration. The schedule lets you see where pick up and drop off will need to happen. If you provide approval, your teenager can drive to leave and return.

**How does the overnight logistic work?**

Host Homes and leaders are provided by adults in leadership or parents of students at Water's Edge. The primary teaching sessions happen at church, while talk-back sessions are in homes. Homes are specific gender and/or ages.

**What about all the stuff?**

Leaders take overnight items to Host Home Friday night and return with it on Sunday morning.
